EDUCATION

Electrical and Computer Engineering

Gandhi Institute For
Engineering and Technology

2020 - 2024

SKILL

Languages: JavaScript, Java,
C#

Frontend: React.js, HTML, CSS

Backend: Node.js, Next.js, .NET

Databases: MySQL

Tools: Git, Postman, VS Code

Concepts: API Development,
RBAC, Agile, MVC, Database
Optimization

PROFILE

Software Developer with hands-on experience in full stack development using React.js, Node.js, and .NET. Delivered scalable APIs, role-based access control, and optimized database solutions improving performance by up to 35%. Skilled in Agile development, API design, and deploying production-ready applications. Passionate about building efficient, user-focused software solutions.

WORK EXPERIENCE

Ajatus Software Private Limited

Nov 2024 - Present

Software Developer

- Developed and optimized backend systems, reducing API response time by 35%.
- Implemented Role-Based Access Control (RBAC) and advanced database schema integrations, improving security and scalability.
- Designed and deployed RESTful APIs for a Learning Management System (LMS), enhancing e-learning functionality.
- Collaborated with cross-functional teams in an Agile environment to deliver production-ready solutions

Web_Bocket Software Pvt. Ltd.

Sep 2023 - Nov 2023

Project Intern

- Built and maintained functional databases, applications, and backend services to support front-end operations.
- Contributed to IT solution design, improving digital business operations.

National Aluminum Company Limited (NALCO)

Jun 2023 - Jul 2023

- Conducted industry research to identify strategic IT opportunities.
- Assisted in preparing technical proposals and job bids for new projects.

EXPERTISE

- Full Stack Development
- API Design • RBAC
- RBAC
- MySQL Optimization
- Agile/Scrum
- React.js
- Node.js
- .NET
- Git
- Performance Tuning

LANGUAGE

- English
- Hindi
- Odia

ACHIEVEMENTS

Rewards gained on RC Aircraft at IIT kharagpur (01/2023)

I have Succeeded to 2nd Level be in top 30 of the Project.

I got the prize as the best coordinator in our college

I am the Coordinator of Robotics Club

CERTIFICATIONS

I have Certified course on C and Java from Great Learning

I have also done Certified in Blue prism

PROJECTS

Career Compass using AI

- Developed an AI career guide for students, recommending courses and skills for their career paths.
- Used AI to analyze job trends, guiding students on industry demands.
- Worked with education and AI experts to provide practical advice for students' career readiness. Line Following and Obstacle Robot Created a robot that follows lines and avoids obstacles using sensors, demonstrating skills in robotics and automation. Displayed robot's live performance in complex areas, avoiding obstacles and following paths accurately. Improved robot performance, optimized algorithms for speed and accuracy, and showcased benefits in logistics, manufacturing, and healthcare.

Line Following and Obstacle Robot

- Created a robot that follows lines and avoids obstacles using sensors, demonstrating skills in robotics and automation.
- Displayed robot's live performance in complex areas, avoiding obstacles and following paths accurately.
- Improved robot performance, optimized algorithms for speed and accuracy, and showcased benefits in logistics, manufacturing, and healthcare.

VOLUNTEERING & LEADERSHIP

- Organized a robotics club workshop as the coordinator, managing and guiding 100+ students under my leadership.

LEISURE ACTIVITY

- Engaging in coding and developing personal projects.
- Participating in online coding challenges and hackathons to enhance skills.
- Exploring new programming languages and technologies for personal
